ASUR Announces Total Passenger Traffic up 11.2% Year over Year

Mexico City, June 5, 2003, Grupo Aeroportuario del Sureste, S.A. de C.V. (NYSE: ASR; BMV: ASUR) (ASUR) today announced that total passenger traffic for the month of May 2003 increased by 11.2 percent from the comparable period last year.

Due to the current situation following the events of September 11, 2001, in the U.S. and the start of the armed conflict in the Middle East, ASUR's management is doing an extraordinary effort to publish passenger traffic figures for the company's airports on a monthly basis to keep investors well informed. Once the situation has normalized, ASUR management expects to return to normal quarterly reporting procedures.

All figures in this announcement reflect comparisons between the 28-day period from April 30 through May 27, 2003, and the equivalent 28-day period last year from May 1 through May 28, 2002. Transit and general aviation passengers are excluded.
